Premium Laboratory -30 Scientific Freezer

KFS600X HTS

*pictured with white exterior & optional chart recorder & SLS controller

Advanced eco-friendly refrigeration – With evaporating coil on the side and bottom walls of the internal casing; without the need to defrost and therefore minimise temperature fluxuations and offering significant energy saving. Completely sealed refrigerating system with airtight compressor and air condensation; guaranteed low power consumption and noise

- ✓ manual Defrost (no frost design)
- ✓ HTS 5 inch LCD Digital controller
- ✓ Fully alarmed
- ✓ Remote Alarm Contacts
- ✓ Adjustable Shelving
- ✓ Lockable
- ✓ Economical to run
- ✓ Reliable quality European built
- ✓ Access port
- ✓ Single body structure with AISI 304 stainless steel with shiny finish and rounded angles for maximum hygiene and cleanliness
- ✓ High density insulation 60mm thickness
- ✓ Reversible doors
- ✓ Magnetic door gaskets and automatic closing

Modern HTS Controller

- ✓ 5 Inch LCD Touch Screen (will operate with gloved hands)
- ✓ MicroSD Data Logging
- ✓ USB port for downloading thermoregulation data
- ✓ Password parameter access
- ✓ Battery back up
- ✓ Energy saving Eco/night mode option

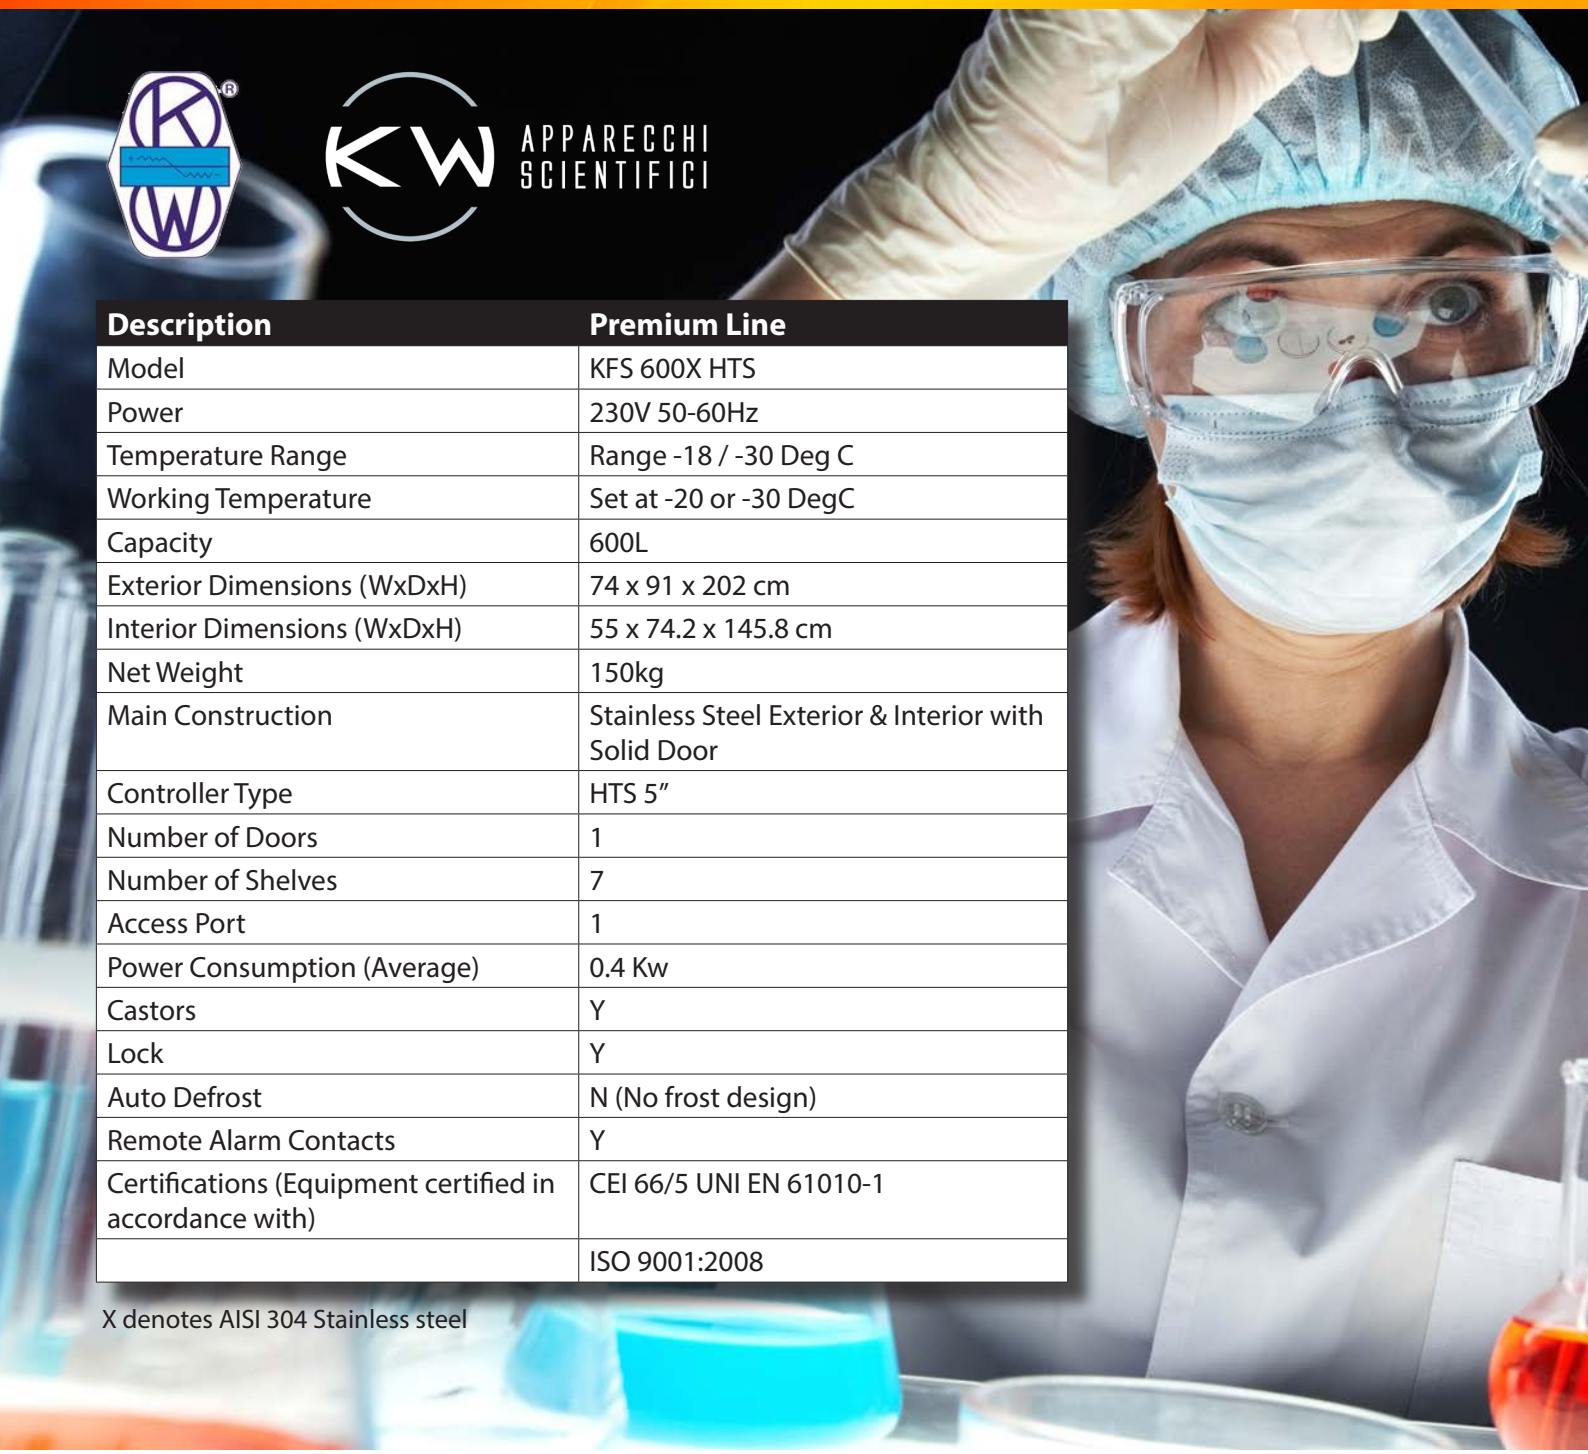
Premium Laboratory -30 Scientific Freezer

KFS600X HTS

Specifications



Description	Premium Line
Model	KFS 600X HTS
Power	230V 50-60Hz
Temperature Range	Range -18 / -30 Deg C
Working Temperature	Set at -20 or -30 DegC
Capacity	600L
Exterior Dimensions (WxDxH)	74 x 91 x 202 cm
Interior Dimensions (WxDxH)	55 x 74.2 x 145.8 cm
Net Weight	150kg
Main Construction	Stainless Steel Exterior & Interior with Solid Door
Controller Type	HTS 5"
Number of Doors	1
Number of Shelves	7
Access Port	1
Power Consumption (Average)	0.4 Kw
Castors	Y
Lock	Y
Auto Defrost	N (No frost design)
Remote Alarm Contacts	Y
Certifications (Equipment certified in accordance with)	CEI 66/5 UNI EN 61010-1
	ISO 9001:2008

X denotes AISI 304 Stainless steel
